All stallions must be in good health, clean, and equipped with a well-fitted halter and a sturdy lead. Please have your stallion's prior health, vaccination, and deworming records available at your scheduled gelding procedure. The veterinarian on hand reserves the right to refuse to perform the procedure on any stallion not fit for surgery.

The cost of the procedure is \$50 if the animal needs no ligation and \$75 if ligation is required. There is a non-refundable application fee of \$10 which will be applied to the fee and reserve your procedure.
